CONNECTORS

VINYL BULLET CONNECTORS

- Connectors come in both male and female to crimp to ends of opposing wires and then snap together.
- Sold in the most common gauge (16-14), the simple connection makes for a secure fit.

EC01-221	453320	EC01-222	453321	16-14	BLUE	FEMALE

VINYL BUTT CONNECTORS

- Vinyl butt connectors easily connect two wires by crimping each end of the splice barrel.
- Industry standard color coding. Used for wire gauges from 10 to 22 gauge.

EC02-101

EC02-301	453326	EC02-302	453327	12-10	YELLOW

HEAT SHRINK BUTT CONNECTORS

- Heat shrink connectors easily connect two wires by crimping the center and heating each end at the barrel.
- Industry standard color coding. Used for wire gauges from 10 to 22 gauge.
- Heat shrink terminals are the best way to ensure a water tight seal around connection points.

EC03-101

FUSES

STANDARD BLADE FUSES

- Fuses are a simple plug-in component that protects wiring and electrical equipment connections.
- Standard blade sizes sold in 20, 25 and 30 amps.

EF01-201

| 5 QTY - RETAIL |

PART #	REF #	AMP	COLOR

FUSE HOLDERS

- The function of a fuse holder is to safely integrate fuses into electrical connections.
- Comes in mini, standard and maxi blade sizes.
- Helps ensure a strong current path so voltage does not make it's way into other components. Allows for easy replacement of fuses.

EF01-001
