

TRAILER PARTS & ACCESSORIES

TRAILER PARTS PRO BREAKAWAY KITS

FEATURES AND BENEFITS:

- » Engages the electric trailer brakes if disconnection occurs while towing, bringing the trailer to a safe stop
- » For use on single & tandem axle trailers
- » Meets D.O.T. specifications for trailer breakaway/holding requirements
- » Standard 12V 5amp battery included in kits
- » Heavy-duty polymer case protects the battery and charger, providing weather and corrosion assistance for the trailer breakaway kit
- » The battery is rechargeable and must be maintained
- » Note: Make sure battery is fully charged prior to towing
- » 1- year standard TPP warranty
